I am writing to you about the Farm Sanctuary petition 98P-0151/CP1 which would prohibit the slaughter of downed animals. Downed animals are too ill and cannot stand anymore. So instead of killing the animals humanly and this would make the industry lose the profit, the downed animals are dragged to the slaughterhouse. This is extremely cruel and unnecessary. Please realize that animals have the capabilities to feel pain and suffer and stop allowing downed animals to be sent to the slaughterhouse.

Thank You
